Subject: RE: UIC Class VI Meeting

Flag: Follow up

Hello Mr. Haney,

I'm an engineer in EPA's Underground Injection Control program and work on Class VI activities. Bill Bates asked me to reach out to you to schedule a time to discuss Class VI permitting and CRC's carbon capture and storage project in California. We would like to include in the discussion individuals who work on Class VI here at headquarters as well as Region 9 Class VI contacts. Below, I've listed the times we are available to meet over the next few weeks. Do any of these times work for your schedules?

- Monday, Aug. 24 at 11:30 am – 1 pm; 2:30 – 4pm ET
- Wednesday, Aug. 26 at 1 – 2 pm; 3:15 – 4:00 pm ET
- Friday, Aug. 28 at 11 am – 1:30 pm; 3 – 4 pm ET
- Wednesday, Sept. 2 at 12:30 – 4 pm ET
- Tuesday, Sept. 8 at 11 am – 12 pm; 1 pm – 2 pm ET

Kind regards,
Molly

Subject: FW: UIC Class VI Meeting

Hello Mr. Bates,

My name is Ken Haney. I am the Enhanced Oil Recovery and Carbon Capture and Storage Manager for California Resources Corporation(CRC). I was given your contact information by Justin Ong of ClearPath as recommended by Anita Thompkins at DOE.

CRC is in the process of developing a holistic carbon capture and storage project (CalCapture) at our Elk Hills oil and gas complex in Central California. We are currently 60% complete on our capture plant Front End Engineering Design study, which utilizes DOE funding assistance, and are working on multiple permitting and carbon credit applications. As our project strategy evolves, we are considering options involving both Class II EOR-related storage along with a Class VI sequestration approach. Justin suggested we reach out to you with some questions we have around Class VI permitting.

At your convenience, I would like to set up a meeting for myself and our CRC Permitting and Regulatory Advisor Eric Greenwood to initiate contact. Please let me know if you, or someone on your team, might be available to discuss our project over the next couple of weeks via Zoom or teleconference.

Thanks in advance,

Ken Haney
